If you go away, where will the dog stay? \_\_\_\_\_

## Section E Veterinary Details:

Please provide the name and address of your current Vet

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone

## Section F Declaration:

Our chief concern at the LSPCA is that animals should go to permanent homes where they will be happy and well cared for, for the rest of their lives. All the animals are here because their owner couldn't or more often wouldn't care for them. We hope to match each animal to a suitable owner. Our first duty is to the animal and to see that it doesn't have another terrible experience. In order to ensure this, we require prospective owners to answer all of the above questions and ask them to give as much information as possible.

### PLEASE NOTE:

You must provide confirmation of your name and address. If you live in a council or rented property, written permission from the council or owner is required. The animals are the property of the LSPCA and are re-homed at our discretion. The LSPCA can refuse to re-home an animal without giving a reason and cannot accept responsibility for the temperament or behaviour of any of our animals after re-homing.

**Please be aware of an €100 adoption fee. The sum partially covers the expense for dogs to be neutered, vaccinated and treated for external and internal parasites and microchipping. In the case of puppies that are too young to be neutered there is a €70 adoption fee.**

I confirm that I am over 18 years of age. If for any reason I am unable to keep the Dog, I will return it to the LSPCA. I agree if I re-home a puppy from the LSPCA I will spay/neuter at the appropriate age.

Signature  Date  /  /

*Please note if the Dog you are adopting requires additional medical care, there is an additional form to complete*
